GENERAL INFORMATION

The Illinois State Board of Education (ISBE) is showing their support for the positive impact that National Board Certified Teachers (NBCTs) make through improving teaching and student learning for Illinois' most under-resourced students in "hard-to-staff schools."

"A "hard-to-staff school" means a public school in which no less than 30% of student enrollment is considered low-income as reported by the report card under Section 10-17a of this Code."

-Public Act 103-0207-

The application is to be completed **ONLY** if you are an eligible Illinois National Board Certified Teacher. The \$4,000.00 USD per year retention incentive for two-consecutive years shall be paid to each qualified educator on a first-come, first-served basis who meets all of the criteria per year below:

- Is currently employed as a full-time teacher in an Illinois public school for whole school year **AND**
- holds a National Board for Professional Teaching Standards designation on their Illinois Professional Educator License **AND**
- is a current National Board Certified Teacher (NBCT) **AND**
- is employed in a "hard-to-staff school" as defined in Public Act 103-0207.

You can review the complete list of eligible Illinois schools on the next page for the 2023-2024 incentive cycle below. There are a total of 2,772 eligible schools that employ educators who might by other factors above be determined to be eligible for the retention incentive. Please see the list of eligible schools below. The list is sorted alphabetically by County. If you work at an Illinois school that does **not** appear on the lists but you believe that you meet eligibility requirements, please contact the National Board Resource Center at NBResourceCenter@IllinoisState.edu to provide information about your school and your district.
