# GENERAL INFORMATION

The National Board Resource Center (NBRC) gathers incentive data on a quarterly basis. As of January 2021, there are 269 districts and facilities in Illinois that offer several types of incentives for National Board certification.

## Incentive Types

The NBRC has defined nine (9) broad categories for incentive types. Districts and facilities in Illinois offer annual stipend/salary increase for the duration of certification, one- or two-time stipend/salary increases, all or some funding for National Board Certification, lane changes, hours of credit towards salary schedule advancement, graduate credit, miscellaneous/other incentives, a choice between the aforementioned incentives, and finally, some districts offer multiple incentives for National Board Certification.

## Choice Between Incentives

The following districts and facilities are listed in the table above as having a choice between incentives. Current contract incentive language where available by district and facility is available below.

### CHSD 155

Acquisition of National Board Teacher Certification (NBCT) will be acknowledged by awarding 15 hours of graduate course credit toward salary lane advancement. Association members at MS+60, who acquire NBCT and, therefore are not eligible for further advancement on the salary schedule, will be granted a one-time payment of \$2000 in lieu of the aforementioned 15 hours credit. No provisions of this clause will be applied retroactively to teachers who have previously acquired NBCT.

### Skokie SD 73-5

The provisions of this side letter will apply to teachers working toward or entering into a program to obtain National Board Certification. 1. Academic course work taken toward National Board Certification will either (1) count toward salary system credit, or (2) count toward earning National Board Certification per Section 3 below, but not both. Academic coursework will remain valid as long as the teacher is in the process of achieving National Board Certification. 2. Academic hours will be awarded not later than one year following achievement of National Board Certification. 3. Any teacher earning National Board Certification may elect a \$ 1,000, one-time non-recurring stipend in lieu of credit toward salary system movement.

### Valley View CUSD 365U

The District will allocate up to \$100,000 annually to be used by National Board Certified Teachers and equivalent Related Service Providers as listed below. The budgeted allocation shall be split equally among the number of eligible Employees, in an amount not to exceed \$2,500 annually. At the request of the eligible Employee, the money may be disbursed in one or more of the following ways:

- a. A stipend
- b. Reimbursement for recertification costs
- c. Reimbursement for attendance at the annual National Board Conference or the approved program annual conference, for the first five (5) Teachers and five (5) related service providers making this request. When electing to receive reimbursement, the Employee may receive any remaining money, in terms of the Employee's equal share of the \$100,000, as a stipend. There will be one payout date each year in June. Proof of up-to-date certification and receipts for reimbursement must be submitted by the Employee to Human Resources by June 1st, or the Employee will not be eligible for these monies.

### West Aurora USD 129

The Administration recognizes the value of National Board Certification. Interested members should contact the District to determine what assistance is available. Upon completion of National Board Certification members will receive the stipend for National Board Certification as indicated on the differential index in Appendix B, unless coursework for the National Board Certification is used for lane movement on the salary schedule and in that case they will get the lane movement instead of the stipend. Members are eligible for this stipend for up to ten years. Members must renew this certification as required based upon the requirements of their original certification date. Speech Pathologists, Psychologists, and Social Workers who received the National Board Certification stipend during the 2016-2017 school year will be grandfathered and will continue to receive the stipend, as long as the certification is current. As a condition of receiving the stipend, the member agrees to stay in the district for five (5) years beginning with the 2017- 2018 school year. Any member leaving the district prior to the end of the fifth school year will be required to repay one stipend for the school year just completed. A committee made up of representatives from the AEA-W and the Administration, will meet to develop criteria for determining awarding the National Board Certification to any newly hired Speech Pathologists, Psychologists, and Social Workers starting with the 2017-2018 school year.

### **Wilmington CUSD 209U**

Teachers deciding to complete the National Board Certified Teacher process will be eligible for either: 1. The District to cover registration fees, or 2. The payment of a one-time \$2500 bonus after the completion of all components and the provision of appropriate documentation to the Superintendent. If a teacher chooses to request support from the district in covering registration fees, money will be provided by the district to cover registration and enrollment fees for one component during the initial cycle (\$75 registration and \$475 enrollment fee). Teachers requesting the covering of fees must successfully pass the first component before being eligible for any coverage of fees for any of the three remaining components. If this completion occurs during the 6% pay cap, the \$2500 bonus will be paid September 15 after the employee's retirement as a post retirement bonus. Successful completion of all components and the earning of National Board Certification will also result in the movement of one lane on the salary schedule unless the completion occurs during or leading into the retirement cycle. Any teacher who is already on the MA +30 step of the salary schedule when he or she successfully completes all components of the NBC process will receive an additional \$1,000 in base salary for all years remaining after completion. There will be no horizontal movement or change in placement on the salary schedule.
